**CHS Skills Camp** will focus on skills of the game that apply to someone beginning to explore the game, as well as to the experienced player. The players will be divided into age-appropriate groupings, will be challenged at their current skill level, and then be given the tools to continue their development. The coaching staff will include CHS Varsity coaches, other Treasure Valley coaches, and present/former collegiate players.

**CHS High School Prep Camp** is designed to assist players in the specific demands of playing high school soccer. This camp will focus on providing participants with a glimpse of the skill and conditioning level necessary in players wishing to participate at this level. The varsity coaching staff along with other Treasure Valley coaches will work with you on the individual and tactical aspects of the game necessary to compete.

**CHS Youth Camp** will focus on providing participants with a challenging, age appropriate, and enjoyable soccer experience. It will be a great blend of athletic training and FUN! Both the individual and tactical aspects of your game will be considered. It's also a wonderful opportunity to create lasting bonds with other local players. The coaching staff will include CHS Varsity coaches, current CHS Varsity players, and present/former collegiate players.
